

ALERTING RESIDENTS

“I can’t be bothered to answer these questions”

- Councillor Gill Mitchell at a meeting of residents

“We want to ‘containerise’ the whole of Brighton”

“Why should a conservation area be treated differently from a normal street?”

- Gillian Marston, Assistant Director of CityClean

It’s far more serious than anyone thought. This bizarre admission by CityClean confirms what many of us feared. Act now to stop this desecration of the historic areas of Brighton and Hove from happening! Together we can preserve our heritage, and the beauty and vibrancy that brings hundreds of thousands of people to Brighton each year as visitors, and causes many to fall in love with its Regency splendour, and make it their home.

We must stop this influx of 6 foot high containers which will blight our landscape. There has been no public discussion of this issue, and the figures involved, namely Gill Mitchell, Gillian Marston and Tim Moore, have consistently lied and attempted to deceive the public.

Join us in demonstrating against the blatant and disgusting contempt they hold for democracy. **Visit the website at www.brightonbeautiful.com.**
